FOREWORD

Nestling comfortably in the rolling hills of the lower Piedmont section of the Old North State stands our beloved school—Kings Mountain High. In the distance the lofty mountains slowly rise to majestic grandeur providing a backdrop of unmatched beauty for the activities of work and play enjoyed by us who proudly harken to the call of Mountaineer. Amid this splendor we find all too soon that our strivings for knowledge have become just a memory and four short years have receded into the past.

Towering over us somewhat in the fashion of our neighboring peaks is the ever present challenge of education. Like a broad avenue that leads into the future our educational road leads upward culminating the joys of friendship, athletics, studies, and other activities into one shining pinnacle. Seeking for truth we climb the sparkling stairs that bring our footsteps closer to our various goals.

May the scenes contained herein serve as a mirror to reflect the many pleasant hours spent within and around our school.

Mrs. Helen B. Ausley

Although you have been with us only two short years, you have already made a deep impression upon our lives. Because of your conscientious devotion to the welfare of the students, we the MILESTONES staff pay tribute to you, a true friend, a capable teacher, and a worthy advisor.

In recognition of these outstanding qualities it is with love and appreciation that we proudly dedicate this, our 1961 edition of THE MILESTONES, to you, Mrs. Helen B. Ausley.

Mrs. Ausley with husband, Dr. Paul K. Ausley, pastor of First Presbyterian Church, relax in the manse with "Nick."

Mrs. Ausley lends a helping hand to Dr. Ausley in the study.

Editor James Swansson seeks counseling from Mrs. Ausley.

Brenda Gail Hamrick looks on as Mrs. Ausley experiments with P_2O_5.

FACULTY

ENGLISH DEPARTMENT

We in the English Department regard the study of English as a challenging opportunity to boys and girls to become persons of culture and character whose mastery of the language provides them with resources of pleasure and stimulation to intellectual activity.

Our aim is to teach English as a useful tool. Instead of presenting grammar for grammar's sake, we endeavor to stress the useful applications of the basic rules. Our goal is such mastery of the fundamentals of speaking, reading, and writing as will make the pupil acceptable socially and efficient vocationally. In order that the pupil may acquire such mastery of language, we subscribe to the educational precept that training in language is training in logical thinking.

Miss Helen Logan, A.B., U. N. C.; English IV; Senior Advisor; Vocational-Guidance Club

Mrs. Sue H. Moss, A.B., Meredith; English III; Junior Advisor; Statix 'n Dramatix Club

Mr. Carl O. McWhirter, A.B., Limestone; English II; Junior Advisor; Speech Club

Mrs. Betty Bates, B.A., Lenoir Rhyne; English I, Journalism; Freshman Advisor; Cheerleaders; **Mountaineer**

FOREIGN LANGUAGE DEPARTMENT

The study of foreign languages makes a material contribution to any student in that it helps create a better understanding of other peoples through a knowledge of and an appreciation for their language and a respect for their civilization and culture.

At the same time the student develops a more effective use of his native language through an increased vocabulary, clearer ideas of sentence structure, and greater accuracy in diction.

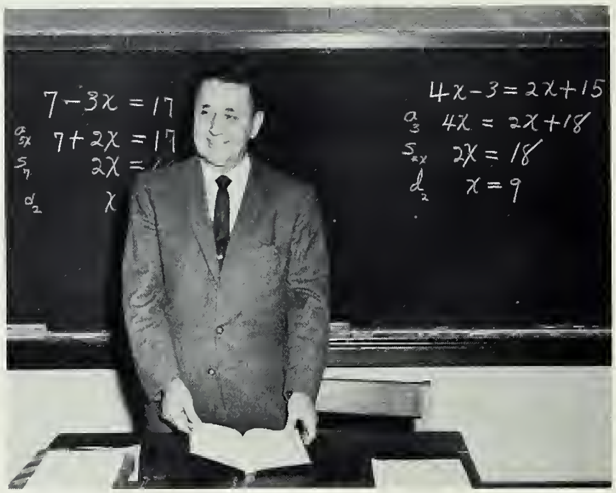
Mrs. Laura Gentry, A.B., Limestone; M.A., Duke; Latin, French; Senior Advisor; French and Latin Clubs

THE LIBRARY

Mrs. Josephine E. Weir, A.B., Winthrop; M.A., Columbia; Library; National Honor Society; Library Club; Senior Advisor

The library is a service center of the school, established for a two-fold purpose: first, supplying materials to make the curriculum more interesting and more valuable for pupils and teachers; and second, making available books and periodicals to give enjoyment, as well as information, to those who read for pleasure. In a sense it is the heart of the school.

Mr. Fenton L. Larson, M.A., U. N. C.; General Math, English 1; Freshman Advisor; Debating Club



Mr. Walter F. Powell, A.B., U. N. C.; Algebra 1; Freshman Advisor; Key Club

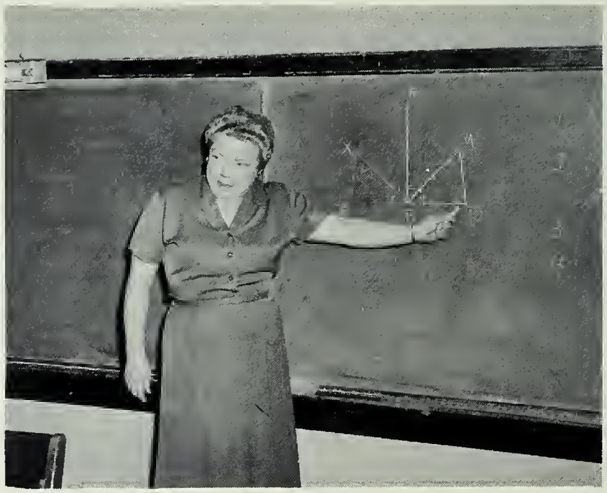
MATH DEPARTMENT

We of the Mathematical Department have two objectives:

(1) mathematical competence for every person who attends Kings Mountain High School, and

(2) advanced mathematical knowledge for those who go on to further study.

Our general mathematics course is prepared for those who have only the first objective. Algebra and geometry are designed to meet both objectives for those who wish college study, particularly further study in mathematics, and the physical sciences. We hope to send to college students who have learned to handle accurately mathematical manipulations and to reason logically in order to carry on independent study.

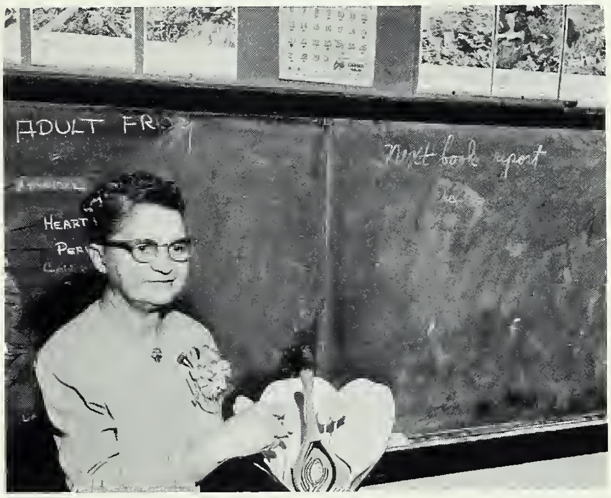


Miss Kittie Lou Sutton, B.S., T. P. I.; M.A., Peabody; Algebra II, Plane Geometry, Solid Geometry; Junior Advisor; Future Teachers Club

SCIENCE DEPARTMENT

It is the chief purpose of the Science Department to follow a planned and coordinated curriculum. By so doing it will enable the student to learn the principles and laws of nature and then apply them to situations met by every day living. This is accomplished by lectures, classroom demonstrations, projects, and actual laboratory experience. Problem solving increases in difficulty from ninth grade General Science to Biology, Chemistry and Physics. A thorough understanding of mathematics is a basic requirement for advanced science courses.

Mr. John Lutz, A.B., Lenoir Rhyne; General Science; Freshman Advisor; Science Club



Miss Odessa Black, B.S., O. C.; Biology; Sophomore Advisor; Speech Contestants

Mrs. Helen Ausley, B.S., Mississippi; M.S., Yale; Chemistry, Physics; Junior Advisor; Junior-Senior Banquet

BUSINESS EDUCATION DEPARTMENT

The Commercial Department endeavors to train students in usable skills and work habits in the field of typewriting, bookkeeping, and shorthand.

The theory of these courses is introduced to the student in the classrooms through lecture, visual aids, and practice.

When these fundamental skills are developed, extensive practice work is provided in the various departments of the school and in the development of community projects. The major objective is to prepare students for office positions or to provide a good foundation for specialized study in this field.

Mrs. Corolyn Finger, B.S.S.A., WCUNC; Bookkeeping, Shorthand; Senior Advisor; Advisor, Business Staff MILESTONES; Business Club

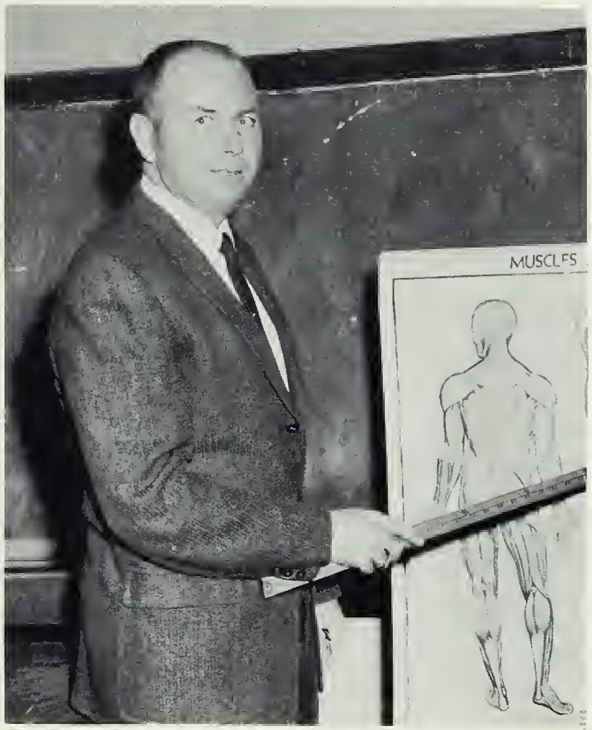
Mrs. Mary Sue M. Howord, B.S., WCC; Typing; Advisor, Editorial Staff MILESTONES; Treasurer, K.M.H.S. Activities

PHYSICAL EDUCATION DEPARTMENT

Mrs. Nancy Hartsoe, B.S., ASTC; Girl's Physical Education, Civics; Freshman Advisor; K Club; Homecoming, May Day



Mr. John Gamble, B.S., ASTC; M.A., ASTC; Boy's Physical Education, History II; Monogram Club; Head Football Coach; Sophomore Advisor

The Physical Education Department serves the dual purpose of building sound minds in sound bodies. The first is accomplished through the study of Health, where students learn more about the various functions of their bodies and the importance of establishing good health habits.

Through games and specific exercises, physical development is accomplished and fitness for happy wholesome lives is attained.

HOME ECONOMICS DEPARTMENT

Home Economics is the field of knowledge and service primarily concerned with strengthening family life.

In Kings Mountain High School, the courses Home Economics I, II, III are offered with emphasis on family relationships, child development, nutrition, and clothing.

Mrs. Betty Gamble, B.S., ASTC; Voc. H.E., WCUNC; Home Economics; Freshman Advisor, Future Homemakers Club

DRIVER EDUCATION

Mr. William Z. Cashion, A.B., Gardner-Webb; B.S., Newberry; Driver Education, History II

Driver training has been a part of high school curriculum since 1954. The course is offered to the students during their sophomore year.

We feel that driver training and safety education are important in that they develop a student's ability to operate an automobile safely and efficiently.

Miss Jeannine Easterling, A.B., High Point; Bible; Bible Club

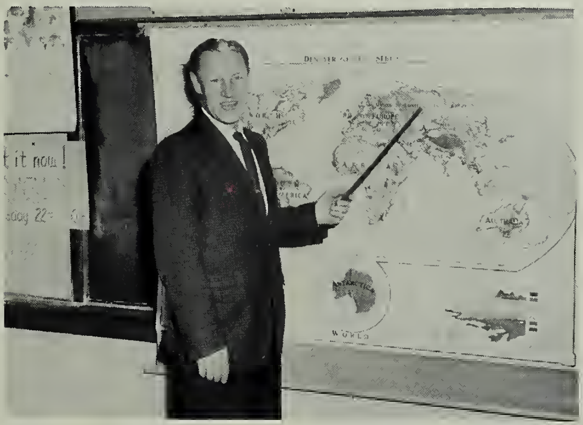
BIBLE

Two years of Bible are offered the students with two units of credit given toward graduation. The Old Testament and the New Testament are taught on alternate years. The policies are governed by the Ministerial Association and the class is financed by the churches of Kings Mountain.

SOCIAL STUDIES DEPARTMENT

One of the privileges and responsibilities we have as Americans living in a democratic nation is thinking for ourselves. In order for us to exercise intelligently our freedom of thought, it is not enough for us to know only that which lies within the boundaries of America. It is necessary for Americans also to know about the development of mankind in order to understand better the problems facing our contemporary world.

Through the study of such courses as Civics, Geography, American History, World History, and Economics and Sociology, Kings Mountain High offers to its students an opportunity to gain a thorough knowledge of our own country and a graphic picture of our world. We analyze the events of the past and their solutions in order to understand more fully the decisions that are made today.



Mr. Donald L. Parker, A.B., Maryville; Economics and Sociology, Guidance; Monogram Club, Head Coach Basketball; Sophomore Advisor

Mr. Fred Withers, B.A., Lenoir Rhyne; M.A., S. California; History, General Business; SPO, Head Coach Baseball; Sophomore Advisor

Mr. Joseph C. Hedden, A.B., WCC; M.A., Peobody; Band, Social Studies

Mrs. Myrle H. McClure, M.E. U. Cinn.; B.M., Oberlin; Public School Music, Mixed Chorus

MUSIC DEPARTMENT

We believe that participation in music is a joyful and satisfying experience. We feel music lifts the individual to a higher level of satisfaction than is provided by most of life and, therefore, increases the sum-total of human happiness. The students have the opportunity of participating in the high school band and mixed chorus. Private lessons in piano are also offered.

Mr. Charles R. Woodward, B.M., Stetson University; Piano

Mrs. Virginia Hinnant, A.B., Solem College; Piano

Mrs. Ellen B. McCurdy, Wingote, Wake Forest; Piano

Honorary Members:

The National Honor Society recognizes outstanding scholastic achievement by Kings Mountain High School students. A member must possess qualities of good character, scholarship, leadership, and service. The National Honor Society encourages scholastic achievement by visits to freshman homerooms to challenge the students to strive for excellent grades, by entertaining "straight A" students at a party for each six weeks' period, and by publishing in the school and town newspapers the names of students making "straight A's."
